

Dr. Karl Gravitis

cordially invites you to

a complimentary lecture ...

Speaker's Biography

Dr. Viv Chander ...

received his dental degree from the University of Western Ontario, School of Dentistry. He has a leading edge dental practice in Ottawa, Ontario with an emphasis on complex reconstructive and implant dentistry. He is also the owner of CanDental Labs Inc., a small commercial laboratory in Ottawa, Ontario.

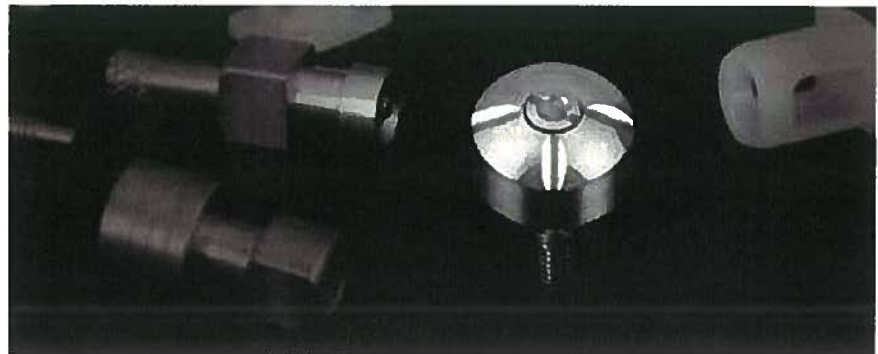

Dr. Chander is an Alumni member of the L.D. Pankey Institute and having completed their core and interdisciplinary continuum courses, has become a mentor to other Penkey students. As well, he is a member of the American Academy of Implant Dentistry, International Congress of Oral Implantologists, Pankey Alumni, Ottawa Dawson-Pankey Study Club, Ottawa Dental Society and the Ontario Dental Association.

**Say Goodbye to Impression Copings
... Say Hello to Patient Specific Results**

Thursday, April 15, 2010 from 6:00 p.m. to 8:30 p.m.
*Quality Hotel Parkway &
 Convention Centre
 325 Ontario Street
 St. Catharines, ON
 905.688.2324*

BIOMET **3i** is at the forefront of developing technology and technique-based solutions to overcome obstacles in implant dentistry aimed at enhancing functional and aesthetic implant outcomes.

Computer assisted design and manufacturing (CAD / CAM) has revolutionized the surgical and restorative aspects of implant dentistry. This lecture will focus on how to implement these exciting new digital technologies to create patient specific, customized abutments for single-tooth, partially dentate restorations and bar-type prostheses' for edentulous areas while at the same time decreasing patient time.
